# GAWDA Professional Compliance Seminar Agenda

**Tuesday – (8:00 AM- 12:00 PM):**  
Operations Management (Chart Industries/Weldcoa)

## Spring Session: (Tuesday Morning)

*Chart Inc. will be presenting a four-hour class on the operation and maintenance of your standard liquid cylinder. During the class you will receive a refresher on design and safe handling of liquid cylinders, proper filling techniques, and the internal workings of a liquid cylinder. Each participant will also participate in the final piping and construction of a tank from the point of being a complete shell to the plumbing and labeling of the tank. A plant tour will follow to allow the class participants to see the variations in tank size and design, as well as miscellaneous equipment also produced at this manufacturing plant.*

- **Cryogenic Container Training**
  - Cylinder Design & Operation
  - Safe Handling & Hazards
  - Saturation Pressure/Performance
  - Customer Repair & Maintenance
    - Pressure and Level Gauges
    - Relief Valves
    - And more
  - Plant Tour

## Fall Session: (Tuesday Morning)

*Weldcoa Inc. will be presenting a four-hour class on effective plant automation.*

- **Effective Automation in the Fill Plant**
  - Latest in automation technology for cylinder filling
  - Benefits of Variable Frequency Drives (VFD's) for pumps
  - New automation technology for Specialty Gases
  - Practical automation for various budgets
  - Plant Tour

**Tuesday – (1:00 PM- 3:00 PM):**  
Operations Management (Don Renner)

- How to calculate fill cycle times for each cylinder manifold
- Using volumes to determine total daily pumping time for each product
- Defining manpower requirements for pumping and cylinder handling
- What is the best layout for cylinder flow for my operation
- What equipment is required for this layout
- Setting up productivity measurement and goals

**Tuesday – (3:00 PM- 5:00 PM):**  
DOT Compliance updates on the following topics (Mike Dodd)

- GHS, Cylinder Decals and CGA C-7
- Hours of Service updates
- Special Permits, application for and renewals
- Question and answer period on DOT issues, bring your questions and get your answers!

**Wednesday – (8:00 AM- 5:00 PM):**
