## Modular Gas Filling Automation For Any Size Budget.

Weldcoa's Sur-Fill™ automation was designed by seasoned people who filled cylinders for a living. The touchscreen PLC automates all of the responsibilities of the traditional human cylinder filler creating a safer environment, uniform product fill, maximum production and new levels of management

control/simplification of training. Four levels of automation are available to fit every size gas cylinder filling operation. Systems can be installed into new or existing facilities. The Sur-Fill is a highly efficient, cost effective alternative to conventional filling methods.

## FEATURED NEWS

### NEW CGA Benefit for GAWDA Distributor Members

As a GAWDA distributor member, your company is eligible to receive free access to the Compressed Gas Association's extensive safety resources. As a participant in the program, your company receives the following benefits:

- **NEW Benefit in 2019:** FREE access to CGA's eLearning modules for up to 15 employees per company location, including topics such as safe handling and storage of compressed gases, safe handling of acetylene cylinders and safe handling of cryogenic liquids in portable

containers. CGA is actively working with GAWDA to select topics for future eLearning modules as they continue to develop this exciting new resource.

- Free access to CGA's library of over 330 electronic publications for one employee per company location, a total value of more than \$18,000 per user.
- Participation in the prestigious CGA and GAWDA Distributor Safety Award program, which recognizes improvements in personnel safety among more than 80 participating GAWDA distributor members.

**To register your company for access, please complete the [Subscriber Application and Distributor Safety Awards Data forms](#), available online [here](#). CGA will contact you with instructions on how to access your CGA account within one week; if you do not receive a response in a timely manner, please call CGA at 703-788-2722 to follow up.**

## SPRING MANAGEMENT CONFERENCE

The banner features a teal and blue color scheme. On the left, the text "2019 SPRING MANAGEMENT CONFERENCE" is written in white on a teal background. To the right, the dates "Saturday, May 4 through Monday, May 6, 2019" and the location "Hyatt Regency Minneapolis, Minnesota" are listed in white. The top right corner includes the GAWDA logo (Gases and Welding Distributors Association) and a photograph of a bridge over a city skyline reflected in water.

"It's All About Service"

**2019 SPRING

## NEWS FROM GAWDA

### We Need Your Help With the GAWDA Archive Project

Do you have a drawer full of old pictures, meeting badges, early publications or supplier giveaways that you would like to donate to the GAWDA archives? If so, please bring them to the GAWDA Booth at the SMC!

In preparation for GAWDA's 75th Anniversary Celebration in 2020, we are collecting GAWDA-related memorabilia from members for use in the magazine and newsletter, for a mobile display during events and to preserve as a permanent archive at the GAWDA Headquarters in Hollywood, FL.

In addition to collecting your GAWDA memorabilia at the SMC, donated items can also be mailed directly to GAWDA at 1 Oakwood Blvd., Suite 195, Hollywood, FL 33020.

For more information, please contact Andrea Levy, Director of Member Services & Programs, at 954-367-7728, ext. 260 or [alevy@gawda.org](mailto:alevy@gawda.org). (Please note that donated items will become a part of the permanent collection and cannot be returned.)

## Check Out the New Issue of *Welding & Gases Today!*

The Winter 2019 issue of *Welding & Gases Today* was mailed out recently. If you would prefer to read it online, click [here](#).

GAWDA's quarterly magazine presents the latest industry news, consultant advice, quarterly GAWDA Economic Analysis by ITR Economics and other important association information.

This issue features business forecast interviews with dozens of GAWDA member companies. It also includes an article on cryotherapy, another on regulatory issues, two sales feature articles and a member profile of the **Indiana Oxygen Company**. This issue also provides a preview of the upcoming SMC in Minneapolis, with information on speakers, events and more.

## SAFETY AND COMPLIANCE

### PHMSA Revises 2016 Interpretation on Cylinder Labeling

The Pipeline and Hazardous Materials Safety Administration has revised an interpretation letter dated October 20, 2016 to clarify that the words "flammable gas" or "non-flammable gas" may be placed on two lines instead of one line when set out in the transportation diamond as illustrated in *CGA C-7, Appendix A*.

The new interpretation states that the *Hazardous Materials Regulations* provide several options for labeling of compressed gas cylinders. Although the letter states that neither *CGA C-7, Appendix A* nor the HMR specifically illustrate the hazard class text displayed on two lines, *49 CFR 172.407(f)* of the HMR specifically permits the use of labels that conform to the *UN Model Regulations* in place of a corresponding label that conforms to the HMR. Section 5.2.2.1.5 of the *UN Model Regulations* states that for labels other than Class 7 labels, the insertion of any text in the space below the symbol is authorized provided it relates to the nature of the hazard and the precautions to be taken in handling.

Thus, PHMSA concluded that a label displaying the words "flammable gas" or "non-flammable gas," whether on one or two lines, that otherwise conforms to the *UN Model Regulations*, is permitted by *49 CFR 172.407(f)*. To read the letter of interpretation, click [here](#).

The banner features two images of gas valves. On the left is a brass valve with two gauges and a black handle, labeled 'iVIPR'. On the right is a more complex valve with a green handle and a gauge, labeled 'VIPROXY'. In the center, the Cavagna Group logo is displayed with the tagline 'Wherever gas is used, we are there'. The text above the logo reads 'Cavagna provides the widest range of all-in-one valve solutions worldwide'. The website 'www.cavagnana.com' is listed at the bottom right.
